Selectmen's Report

The following is a report of the activities of your Town Office.

Interim zoning is in effect. The Town Planning Commission is diligently working on the formation of formal zoning regulations and ordinances. Hopefully this plan will commence public hearings and formal adoption by the taxpayers early this Spring.

The litigation concerning the Waste Disposal Suit is still pending. Tentatively this case will be heard in the Spring Session of Superior Court. The cutback in funds allocated for Judicial System has presented us with still another delay.

Last years' summer work appreciated about 5 miles of roads resurfacing plus the elimination of 2.5 miles of gravel roads. As has everything else raised in price, so has materials used for resurfacing, however it is felt that we can eventually have all the roads completed year by year. Several other factors have entered into the rising costs of our highway maintenance. The municipalities, by law, must pay employees time and one half for hours worked over the 40 hour work week. This will affect in particular Winter Maintenance costs. The new Highway Bill Act 63 was put into effect 1 July 1974. We receive a check quarterly for support of our highways. To date we have received only two installments from the Highway Department for this year's maintenance, as the State has changed to Fiscal Year, and our financial statements are on a calendar year.

To relieve the inflation factor and still provide services we are taking full advantage of the Emergency Employment Act. The Program is funded by Federal and State Governments. We have 3 employees under the Program, wages paid are refunded in full by the Department of Employment Security. It is estimated by the Director of the Program that it will continue for at least another year.

School Health Department Report

1974-1975

Four Immunization Clinics were held in 1974, and Physical Exams were offered to first grade students in both schools. These clinics were under the direction of Dr. Frank Smolinski, School Nurse and School Health Dept. volunteers.

Our Dental Program, sponsored by the PTO, and under the direction of Dr. Edward Reimann and Mrs. Helena Waterhouse, Dental Hygienist was a success. Cleaning, examination and fluoride treatments were given to 277 students. Many referrals were made to parents, through the Tooth Fairy Bill and Vt. Dental Care. Fluoride Rinses were done once a week with grades 4, 5, and 6 in Public School.

Vision and hearing was completed on grades 1 to 12 Public School and Grades 1 to 8 at St. Stanislaus. Eight students were referred to private Physicians, VAC and the Vt. Hearing Clinic for hearing problems. Twelve students referred for visual difficulties.

The Vitamin Program, sponsored by the PTO is in force in both schools.

Dental Brush-ins were conducted and movies were shown to grades 1-6 in Public School and grades 1-8 at St. Stanislaus. Health movies shown to girls in grades 4, 5, 6, 7, and 8 at both schools.

First Aid was given and students referred when necessary for further treatment.

Our Throat Culture Program remains very active.

Courses attended by School Nurse in 1974 were 56 hours in Advanced First Aid and Emergency Medical Care, 1 week workshop in Neurologic and Language Disorders and a Scoliosis Clinic.

Many, many thanks to Dr. Frank Smolinski, Dr. E. Reimann and all mothers who have helped so graciously in our health department. Also to all parents for their cooperation.

Respectfully submitted:

Rutland Area Visiting Nurse Association, Inc.

1974 ANNUAL REPORT

It is my pleasure to submit this report regarding services rendered by the Rutland Area Visiting Nurse Association, Inc. to your town for 1974.

Our program includes Skilled Nursing, Physical Therapy, Speech Therapy, Occupational Therapy, and Home Health Aide services. This is a part-time service in your home for you and your family.

We also coordinate with the State Public Health Nurses to provide Well Child pre-school clinics and Handicapped Clinics to your areas. We give health guidance and preventive teaching to families and new mothers. We also have Pre-Natal classes for expectant parents. We provide instruction in the care of the patient in the home as well as giving direct bedside care.

We are always available if you have other health problems that we could help with. We make many calls to evaluate situations and report back to physicians. This has proved to be very helpful to all the area physicians.

Our main office is in Rutland, but we have branch offices in Hydeville and Brandon.

Total direct bedside care visits that were provided to your community during 1974 are as follows:

Skilled Nursing Care	1,189	Home Health Aide	182
Physical Therapy	173	Speech Therapy	1

Many other visits for health teaching, guidance and evaluations of need were also made.

We welcome all suggestions to improve service to your community, so please feel free to contact us or come and visit our office to become better acquainted with our programs.

Thank you for your support in 1974 and we are looking forward to another busy year.

Respectfully submitted,

EVELYN MORGAN, R.N.
Director

Rutland Mental Health Service, Inc.

In the year 1974, Rutland County placed a greater demand than ever before upon Rutland Mental Health Service for both direct and indirect services. It was also a year in which we up-graded existing programs to meet community expectations for quality.

The following direct service program changes affected your community: 1. further development of a quality outpatient counseling and evaluation program, 2. development of an expanded emergency service, 3. strengthening of hospital related services, and 4. expansion of our services to the developmentally disabled population.

In addition, we have continued our pre-school, youth and family activities program, aftercare program, acute day hospital, and the services to the retarded. Currently our agency-wide direct service caseload is about 1,200 persons with 15 to 25 new clients per week.

In regard to indirect services, Rutland Mental Health through contractual arrangements provides consultation and education services to most of the county schools, social service agencies, the Correctional Center, Probation and Parole, boarding and nursing homes, and early childhood programs. Consultative services are provided to the medical community, the clergy and other care-givers.

For the Town of West Rutland, the following has been provided:

Total number of persons served-1974, 38.

Problem Areas

Socialization problems, 35; Psychosis, 2; Developmentally Disabled, 1

Admissions

First, 33; Re-admits, 5

Ages

Child, 0-17, 8; Adults, 18-60, 29; 61 & over, 1

Income

Welfare, 6; 50-99, 4; 100-149, 10; 150-199, 3; 200-299, 3; Unknown, 12

Other services we provide West Rutland include regular consultation to school administrators and teachers, generally twice a month, and occasional direct work with children and parents as needed. A staff member has taught at the high school about mental retardation.

Our costs, as elsewhere, have risen. Rutland Mental Health Service is striving to provide quality programs and at the same time maintain fiscal accountability. The employment of high caliber staff and the minimizing of administrative costs are our approach to maintaining this objective.

This year we are again requesting \$.50 per person as a suggested guide. Your continued support is essential to the continued ability of Rutland Mental Health Services to offer comprehensive services to the towns of Rutland County.

Respectfully submitted,

GILBERT D. ALIBER
Executive Director

Rutland Opportunity Council, Inc.

During the nine month period from April-December 31, 1974 the Rutland Opportunity Council worked with 58 West Rutland families (173 individuals). This work included 205 direct services (transportation, help with forms and applications, social service information and referrals, personal needs); 268 home visits and 176 referrals, to other agencies.

In the coming year our new Social Service Coordinator for the area, Marge Wells, will continue to meet the needs of the low-income, the elderly and other West Rutland residents with special needs. We will concentrate on providing direct services, developing community projects and programs and coordinating joint agency work.

Report on Regional Planning

It is with pleasure that we submit the following report on the progress and achievements of the Rutland Regional Planning Commission during 1974.

1974 marked a significant turning point in the direction of the Commission. As in the past the Commission continued to provide assistance to member communities in the preparation and adoption of comprehensive plans and zoning regulations. The Commission took a more active role in this activity to improve the quality of by-laws and related documents and make planning truly responsive to the needs of each community. In addition, the Commission adopted the position that in order to adequately serve the residents of the Rutland Region it must expand its services beyond the traditional land use planning and zoning activities. In this regard improved information services and technical assistance were made available to local planning commissions, local elected officials and the public through the following new programs:

1. Legal Service Program: The Commission initiated a program whereby member communities could be reimbursed for a portion of the cost of professional legal services retained in connection with a planning or zoning matter.

2. Transportation Planning: Work was begun which could ultimately lead to the creation of a county-wide public transportation system serving both rural and settled areas.

3. Drafting Services: The services of an experienced draftsman were retained to assist local planning commissions in the preparation of town plans and maps. Drafting services were made available to all member communities.

4. Industrial Development: In keeping with the Commission's number one priority for 1974, assistance was provided several member communities in organizing local industrial development efforts. The goal of this program is to improve the regional economy by creating additional employment opportunities.

5. Housing and Community Development Act of 1974: Member communities were informed of the major provisions of the Act. Several are being assisted in preparing grant applications for community facilities eligible for federal funding.

6. Flood Insurance: The Commission kept member communities aware of changing flood insurance guidelines, the benefits of the program, and the status of individual applications. Assistance was provided to those communities applying for eligibility.

In addition, the Commission (1) conducted a series of well attended workshops on zoning administration and V.S.A. Title 24, Chapter 91; (2) began providing assistance in the area of capital budgeting and capital improvements programming to local officials, and (3) became involved in a new approach to environmental planning that can improve the effectiveness of zoning by-laws and local response to Act 250 applications. During the year special emphasis was placed on economic planning and development to improve the regional job market and capital programming to provide local officials with improved budgeting capabilities.

This has been a very active year for the Commission — perhaps the busiest since its formation back in 1968. The emphasis has been and will continue to be on providing technical assistance and up-to-date information to elected officials and planning commissions so that sound decisions can be made at the local level.

Report of West Rutland Recreation Committee

Our weekly meetings regarding the summer program for 1974 began in April. As in the past, the Selectmen, who control all funds, reviewed the proposals and allocated the funds.

This year, Mr. Lucian Wiskoski, a Selectman, was appointed as coordinator of the Recreation Department.

In April with the cooperation of the Fish and Game Department, we held our second successful Fishing Derby at Sabotka's.

We again hired Mrs. Joan Bishop and John Davis, Jr. to be directors of our eight week summer program. Miss Dawnelle Davis conducted a successful swimming lesson program at Sabotka's.

The bath-house, constructed by The Giancola Construction Corp. was completed, 15 hibachies were installed and more tables purchased. Paint was purchased and the building was painted by the Men of the Recreation Committee. One dock was built and installed with recreation funds by the Town employees. Hopefully, two more docks will be installed this summer for the younger children.

Many families enjoyed the facilities at Sabotka's. Samples of water were submitted to the State Health Department and all tests greatly exceeded minimum standards.

Three outdoor dances were held for the Teens of our Town at the tennis court with Brian Collamore of W.S.Y.B. with attendance averaging around 200.

At this writing, our skating rink is open, under the direction of Mr. Jerry Pratt of Rutland.

We wish to publicly thank the Selectmen and the many people who donated their time and efforts to our programs.
